

# Proposed Mynydd y Gaer Wind Farm

## Constraints Plan: Utilities, Slope and Infrastructure

27/1/2025

Scale 1:12,500 @ A3

Drwg: MyG4-11g-Part 2

- Red line site boundary
- Turbine locations
- All proposed wind farm site layout features
- Telecoms microwave links buffer
- Sloped areas not suitable for wind turbine construction
- Gas pipeline - high pressure - 7 bar
- UKOPA required buffer to high pressure gas lines \*
- Fall distance +10% buffer to highway
- NDF Preassessed Areas for Wind Energy
